The New England weather is noted for change, and no change is more abrupt than the transition from Summer to Fall. The night frost nips and retreats and the beach, even in the full sun of midday, becomes an expanse blasted by the cooling ocean and ever more selective of the hardiest of us. These shots of the September surf of Horseneck Beach hide a lone swimmer in the surf as the shoreline is piled with a froth of foam. Sparse sun bathers huddle low to escape a cutting wind on the beach above. Seagulls ride the wind currents as they do in the dead of winter but the season for the frail unfeathered human is closing fast.

SELECTMEN IN SELECTION PROCESS

Mattapoisett Board of Selectmen narrowed their selection to 13 out of a list of 111 applicants for the post of Executive Secretary. The list of 13 includes Carol J. Philla who recently left the Selectmen's office after 10 years

Letter to the Editor

I feel compelled as a sportsman and hunter to respond to your "No Place for a Gun" editorial in the Presto's September 30th issue. It is very easy for the anti-gun element to take an incident like this and exaggerate it for their own goals - no hunting and no guns. A problem does exist, but cannot be dealt

with unless it is properly understood. We have an incident with a .22 caliber rifle (range one mile) being compared to a shotgun (range 500 feet). No sportsman "hunts" with a .22 caliber rifle (no hunting season is yet even open), and to suggest that the town ban all hunting on Goodspeed Island with shotguns in an attempt to save lives,

as suggested by the editor, is ridiculous. This appears to be another attempt to incite the general public to put further restrictions on a sport which is quickly being confined and badly maligned in this area of the country due, primarily, to publicity like this in the hands of people who choose to destroy hunting.

To limit the use of .22 caliber rifles to club ranges and "proper" places, and to strictly enforce present gun laws is well supported by all, including hunters and sportsmen. But to eliminate the whole realm of hunting as a sport in an area because of one ..... untrained, incompetent person is as unfair as suggesting the banning of cars because alcoholic drivers kill our citizens, and in far greater numbers!

Karl Drake

A Long and Short View

Editorial, D.C.J.

In the last issue after the accidental shooting of a Reservation golfer, we proposed that the town post the access to Goodspeed Island to ban hunting. To their great credit, the Mattapoisett Board of Selectmen are studying this ban. Admittedly, this is not an ideal solution because the hunting season is short and guns can be used year round.

Several people have taken the time to phone or to speak in person about the proposal this past week, the majority in agreement. Among these were Fin, Fur and Feather members, and they mentioned that their club maintains an education program to teach the proper use of the gun, a respect for its power and safe techniques for its use. They also offer a range for safe target shooting as these skills are mastered and afterward for pleasure.

Until our Mattapoisett swans suddenly disappeared with their new family this Spring, they nested for many years in the marsh pond adjacent to the Reservation Golf Course. They were tenderly cared for by the golfers who staked out a marked area around the nest to protect the eggs and the nesting female. This pair of swans found ideal conditions, not only from the golfers, but in this quiet pond and salt marsh with its land barrier against the ocean. I wonder if a more ideal solution could be found in the interest of all of us than to create a bird nesting area protected year round against the gun, a sanctuary for the propagation of wild fowl. Certainly, game birds raised in such proximity would be welcome to local sportsmen. This would be the ideal solution for the long range view. Perhaps our Conservation Commission could be

a focal point for opinion on this idea and could furnish information on the method to implement it.

I retreat not one inch from my conviction that Goodspeed Island is no place for shooting. The range of the weapon has no bearing in safety here. People walk within feet of this Island in every season of the year. Kids play here. There are two beaches and a YMCA camp within easy reach. The town wharf and a harbor full of boats lie on one side. As we are now well aware, golfers are on the other side.

As a short range solution, to the safety of those who enjoy the shore, a ban on hunting is better than nothing. For the long range, a protected nesting area for wild fowl is an idea which could be attractive to many. The most workable plan is the simplest. Every element already exists in the natural state. Only one thing need be done. Remove the gun year round from this pond and marsh area.

"PROJECT UPLIFT"

As a part of this year's "Project Uplift", Mr. Marshall Severance, Assistant Vice President of A.D. Makepeace Company, was recently at the Junior High speaking to the students on Team Seven East about the cranberry industry.

Mr. Severance traced the history of the cranberry from the days of the earliest English explorers to the present time. One amusing anecdote related how the first cranberry barrels brought back to England were thrown away by the King's official tester as being too bitter. Currently, Massachusetts has more cranberry bogs than any other state in the nation, with the largest bog in the world being located on Nantucket. The responsive students had literally scores of questions on the growing, harvesting, processing, and marketing of cranberries. As a part of his presentation, Mr. Severance demonstrated the use of the cranberry scoop, distributed literature to all of the students and showed a film, entitled "Where Cranberries Grow: An American Story". In the future he will serve as a resource person for any students at the Junior High who wish to conduct further research into any phase of this industry.

Jeff Hoff Trust Fund

On June 7 last, Jeffrey Hoff, son of Mr. and Mrs. James G. Hoff of Point Connett, was an innocent victim of a tragic automobile accident. Jeff suffered a spinal cord lesion in the cervical region as well as complicating pulmonary injuries. After four months at University Hospital in Boston, Jeff will be coming home shortly. He has overcome his pulmonary problems. Jeff works diligently at his physical therapy, and continues to show improvement, but he will probably remain paralyzed with only incomplete use of his upper arm muscles.

Jeff's spirits are good. Everyone who visits him is impressed with his maturity, tact, concern for others, and his will to succeed in his new life. He is truly a special young man.

Prior to the accident Jeff had been an outstanding pitcher for four years on the Old Rochester Regional High School baseball team. He was also an active participant in Mattapoisett Little League sports since his early childhood and was a member of the All-star baseball team that won the Pony League World Series in 1977.

Many of the Hoff family friends have asked how they can help. Now that Jeff's condition has stabilized, it is possible to look ahead and see a future that will require resources if he is to have the independence and mobility that he deserves. To this end a trust has been established at the FAIRHAVEN SAVINGS BANK to provide for some

SCHEDULE CHANGE IN
BLOOD PRESSURE CLINICS

Due to an increase in the Mattapoisett District Nurses caseload, it has been difficult to maintain the ongoing blood pressure clinics (twice monthly).

Therefore, beginning in October the senior citizen health clinic will be held once monthly, the second Wednesday of each month.

The participants in the nutrition program will be monitored initially from 12:30 to 1:30; the general public will be checked from 1:30 to 3:00.

Hoping that this will not pose too much of a problem for town residents, we thank you for cooperation.

TICKET PLANS AVAILABLE

Promoting good attendance at Old Rochester Regional athletic contests is an extremely important consideration in the thinking of those involved with the school's athletic program, especially in light of Proposition 2 1/2. All of us at the school - players, coaches and athletic office personnel - would like to see more of our students and their parents throughout the Fall, Winter and Spring seasons.

To make it much easier for you and your families to see our teams in action, particularly for budget-minded parents with large families, senior citizens and individual ORR students, the Athletic Department has devised a number of ticket plans designed to save everyone money.

There is a Family Football Plan and a Family Basketball Plan (ice hockey games are not included). If you are interested in any of the plans we ask that you visit the school Athletic Office or call us at 758-3745 (ext. 29). It is our hope that many of you will take this opportunity to become more closely involved with our Bulldog athletic teams.

Len Roberts, Athletic Director

The football team, after visiting Seekonk and Bishop Feehan, opened their home season Saturday by hosting Dighton-Rehoboth. This Saturday's game will be with Coyle-Cassidy at the Old Rochester field and will be the annual Bulldog Day. Game time is 1:30.

NATIVE AMERICAN STUDY CLUB

The Children's Museum's "NATIVE AMERICAN STUDY CLUB" will visit Plimoth Plantation on October 10th for "Harvest Home". Harvest Home is a re-enactment of the harvest at Plymouth both for the Pilgrims and Indian inhabitants.

This is a chance to spend a day being part of the authentic history of the early settlers of our country and find out what this time of year means to the Pilgrims and Indians in terms of work, play, harvest, feasting and the interaction of their cultures.

This may be the last chance to visit the Indian village on the plantation for this year and see it in operation, since the Indians move to warmer quarters for the winter season.

Browse leisurely through the Village Store, the focal point of our festival, enjoy the bountiful crop of fall vegetables and fruits so attractively displayed. Savor the luscious homemade candy and relish the subtle tangy flavor of fresh Vermont cheese, all carefully chosen by Evelyn Bissonnette, the store's proprietress.

Pause to sip a cup of hearty cider while you survey the beauty of the exquisitely designed articles at the Christmas Booth. Lorraine Simmons and her committee promises you that each one will be a keepsake to adorn your home and tree for years to come. The imaginative gifts presented by Sue LaCamera and helpers will inspire you who ponder "what will I give this year?" Each of the treasures fashioned by Pat Griswold and stitchers at the Fancy Work table will be cherished for a lifetime. The aromas from the Country Kitchen Restaurant will cause you to "sit a spell" and flavor the chowder and submarine sandwiches presented by Elise Fatula and crew to be offered Friday night. Ham and beans will be the change of fare on Saturday. All the down home cooking provided by Gloria Machado and bakers at the Bakery are sure to kindle memories of Grandma's secret recipes. Plymouth County Republicans

Dr. Mildred Jefferson, an unannounced candidate for U. S. Senate, was the featured speaker at the monthly meeting of the Plymouth County Republican Club held at Howard Johnson's in Kingston. Dr. Jefferson stated that there was a political revolution of sorts a year ago this past November across the country, a coalition was formed that cuts across boundaries, a coalition that is formed at the core, the solid foundation of the Nation. However, the State of Massachusetts is for the most part under single party dominance. Dr. Jefferson went on to elaborate on possible reasons for the single party dominance in this state. She concluded by saying the people who have carried the burden through taxation are finding it more and more difficult today. The idea of balancing the federal government budget is an idea whose time has come.

Under club business, David Chuckran, president of the club, mentioned that the flea market made over two hundred dollars profit. He expressed thanks to Mrs. Janet Werner of Brockton for donating many of the items for the flea market, Mr. Jack Eldridge of West Bridgewater for his labor, Zola Carr of Brockton for her help in organizing the event, Florence Hansen of Bridgewater for setting up and running the bake table, and Mr. and Mrs. Barnicoat of Middleboro for the donation of the site.

Gloria Striggles of Bridgewater, vice president of the club, explained the set up for the next monthly meeting. The club is planning a salute to the late George Ridder, former County Commissioner and member of the club. The proceeds from the dinner meeting will be sent to the Masonic Temple in East Bridgewater in the memory of Mr. Ridder. This meeting will be held on the 22nd of October at Ridder's Country Club in Whitman.

Thursday, October 15th, at 8:00 p.m. to be held at Pacific Union Congregational Church, 526 Old County Road, Head of Westport.

Guest speaker Mr. Finlay has entitled his talk "Evidence of Europeans in America Before Columbus". Great stones placed in curious arrangements found along our New England coastal areas have long mystified people. Who placed those stones at Mystery Hill in New Hampshire, often called "America's Stonehenge"? Why? What about dolmens found closer to home here in Massachusetts? Finlay is a member of the New England Antiquities Research Association and has visited and studied numerous prehistoric sites here in New England.

Mr. Finlay's home is in Bridgewater, Mass. He was an editor for the National Division of Christian Education of the Congregational Christian Churches and the United Church of Christ in Boston. Now retired, he uses his hobby of nature photography to present talks for churches, civic organizations, and retirement centers.

Guests are welcome to attend this program. There will be an admission charge
